

How can I access the IWT funding pool?

The Invest in Women Taskforce has convened an initial £580 million in funding from UK leading institutions – and it's aimed at backing female-led and mixed fund managers and entrepreneurs.

I'm an Entrepreneur

I'm a Fund Manager

Individual partner programmes

Whilst some programmes focus on fund managers initially, the capital ultimately aims to reach female founders.

Entrepreneurs must belong to a female or mixed gender founding team and fund managers must be female-led or mixed.
